Meeting Minutes

August Meeting Minutes (8/12/2020)

The August meeting was called to order at the Field on 8/12/2020 by our President. Club has re-opened for flying with observance of coronavirus rules.

Roll Call – Doug Sanders made the roll call. There were 11 members present, we have 32 members total so far.

Treasurers Report - Our Treasurer, Jim Benedict, presented the treasurers report.

Motion to approve.

Secretary's report – Approved.

Safety report – None

Field report – The field has needed to be mowed two times a week, Bill McMenemy has volunteered to help Frank with the mowing. We have a small lawn mower in the shed that doesn't run. It has been repaired twice and still does not run. There is also a weed eater that doesn't work, it has been repaired once. Fuel mixed with ethanol has been used and the guts have been eaten out. Bill had approval last year to purchase a steel necked weed eater. We talked about getting a new one, Frank Eck prefers the curved neck. He will buy one at Charlies in Wentzville.

We were wondering about the old mower. We talked about giving it to a church, or rehabbing it. Frank will talk to Charlies to see if he has any suggestions. A proposal was made by Frank about planes going into the corn. Just a suggestion, on placing PVC poles along the corn field as a marker for planes that go in the corn. I thought it was a good idea if you've ever lost a plane.

Old business – Still would like to have a cookout. We will plane it for the next meeting. We are going to plane for October. We will pick a date for the next meeting. Prez will not be present at the next meeting due to previous obligations.

Doug talked about the password for the rooster. There were two emails. One had the password and one had the roster. Don suggested shortening it and he did. We did have a problem with security. Prez asked if there were additional emails.

The Toledo conference has ended forever. Not just for Covid. Attendance had been dropping, so they cancelled it. It was nice to talk to vendors. Prez talked to someone about epoxys.

There has been nothing on the AMA's proposed ruling. They have talked about having registered sights as a onetime deal. There would be an exemption for fixed fields registered with the FAA. Fields would be would be on the Pilots flight charts.

September's meeting will be at the Field.

New Business – none
